

Year 1960 Contained Bright Spots, News Survey Reveals

College Grove, Broadway Work Completion Noted in Review

"1960" — that was the year that will go down in the memories of the people of Lemon Grove as the year in which our citizens voted down incorporation and annexation with anyone and decided to stay as is, the year in which College Grove shopping center was born, the year in which Broadway was finally paved, improved and beautified.

These and many other events marked the year in Lemon Grove that ushered in the fledgling "60's".

One of the earliest stories of the year was a somber one, the fatal stabbing of Howard Thompson, 45, who had been visiting at the home of his brother, George, 2640 Grange, Lemon Grove. Mrs. George Thompson, 47, had been held as a suspect, but was released by sheriff's department because of lack of evidence.

Great Flu Epidemic
The great flu epidemic of December 1959 which laid people low from almost every office and business establishment in Lemon Grove and elsewhere was subsiding about the middle of January. School and civic meeting groups were particularly hard hit for about a month, and absences were extraordinarily high. The disease, one of upper respiratory ailments, was one that put its victims out of action for usually two or three days. And there were many of those "Who did not feel bad enough to go home to bed" who had a cough or the sniffles.

Plans for the Grossmont Union High School District, seventh school were presented to the board of trustees. The new school was to be built on Sweetwater Springs, between Highway 94 and La Mesa airport. The school designed to open September 1961 is to relieve the overcrowding at Mt. Miguel High school.

Lemon Grove Chamber of Commerce successfully completed all arrangements for the resurfacing of Broadway in the business area of Lemon Grove. Charges against a Spring Valley waitress, Mrs. Geraldine McCourry, 38, in the near-fatal shooting of her employer, Henry Edsel Davenport, 35, owner of a Spring Valley cafe were dropped, when Davenport refused to sign a complaint.

Harry Johnston was named new head football coach of Mt. Miguel High school. Hansel and Gretel, children's opera, was presented at the junior high school for pupils in the elementary grades by the Lemon Grove school district as a part of the Professional Growth Day annual program. Classes were suspended while teachers attended meetings.

Skunk In Washer
A Lemon Grove housewife, Mrs. Betty Cooper, 390 Cates ave., found a live skunk in her washing machine. Men from the Humane Society lured the animal from the washer. Mrs. Cooper said she thought she would keep the machine, but that the clothes she had been washing would have to go.

Rev. E. Walter Smith was re-elected president and Mrs. James Martin was named vice president of the Lemon Grove Coordinating Council, a group which deals with problems vital to all the community. Named as head of Goodwill Industries of San Diego was Charles B. Spisak, 1680 Taft street, who was appointed executive director replacing retiring Dr. Myron Insko who founded the local organization in 1930. County okays \$74, 133' outlay for condemned property in Broadway road project.

Ace Drive-In Theater's suit against the Sheriff's department in which it sought an injunction to restrain the sheriff's men from interfering with the operation of the theater was dismissed by the judge. Bailed out of jail after refusing to sign a traffic citation for a minor violation was a Lemon Grove housewife. The family station wagon was locked on El Cajon Blvd., her two young children were taken to Hillcrest Receiving Station, the family dog went to the dog pound. Patrolman Dan Norton had stopped the car to give the citation. Bail of \$11 was forfeited, by non-appearance in court.

Custom Car Show Held
The first annual Custom Car show and sponsored by the Lemon Grove Review was held February 13 at the First National Bank parking lot at

This newspaper listed Charles M. Kendrick of Campo and Roger D. Williams as the two persons stopped by the sheriff's men. The men are not listed by the sheriff's department as suspects, nor are there plans to charge them with any crime.

Tire tracks, shoe prints and finger prints found in and around the point of entry are being checked.

A payroll check and company checks were recently stolen from the premises of the Haynes Construction Co., 305 Sweetwater rd., Spring Valley, according to report made to Deputy Sheriff D. W. Stafford by Calvin E. Hebert, the manager. The checks he said were numbered from 366 to 451. Two of the checks he stated, Nos. 366 and 367, bore the signature of William Hammon, vice president of the company. These checks are light green in color. The payroll check, a light buff brown, he said, was made out to Burnell J. Hubert for \$64.12, No. 01588. All checks are on the United States National Bank of San Diego, Lemon Grove branch, and bear the company name and address.

When he returned the woman had walked out with the cart of groceries which included a chicken she had laid on the counter.

Hearing Set for Two Here Charged With Three Counts of Bookmaking

The preliminary hearing for a Lemon Grove woman and a Spring Valley man accused of being in a bookmaking business was set in El Cajon Municipal Court for Tuesday, Jan. 17. The couple was arraigned in the El Cajon court Monday afternoon after being arrested Thursday by sheriff's deputies following the filing of a felony complaint. The complaint charges Mrs. Ethel Thompson, 47, of 2640 Grange st., Lemon Grove, with conspiracy and three counts of bookmaking. The other defendant, Joseph Lewis Madere of 8656 Jamacha rd., Spring Valley, is charged with one count each of conspiracy and allowing bookmaking on his property.

Deputies said Mrs. Thompson was accepting bets on horse races at 8660 Jamacha rd., the other half of the duplex which Madere owns and lives in. San Diego police and deputy sheriffs arrested Mrs. Thompson and Basil Manuel Johnson, 505, of 332 Ivy st., San Diego, Tuesday, on suspicion of bookmaking. However, Mrs. Thompson posted bail. She was arrested again after the complaint was filed. Mrs. Thompson's brother-in-law, Howard Thompson, 45, was stabbed to death in her home last Jan. 3. She was questioned and later released.

Tension Increases Between SV Sanitation District, State Board

SAN DIEGO (CNS)—Growing tension between the State Regional Water Pollution Control board and the Spring Valley Sanitation District over the latter district's problems with a overloaded treatment plant surfaced this week. The issue affects property owners in Spring Valley, where odors are protested, and Sweetwater Valley, through which the effluent flows.

Jean L. Vincenz, director of the county's public works department, which operates the Spring Valley system, Tuesday told the County Board of Supervisors that he was forwarding to water pollution control board directors copies of a report of Brown and Caldwell, the San Francisco engineers hired for a study of the emergency actions to be taken.

Dennis A. O'Leary, manager of the regional pollution board, said Tuesday his organization was holding up action on its eas and desist order against the district, awaiting information on the Brown and Caldwell report.

Confusion between the district and the pollution board was evident, in that Vincenz a week earlier had submitted to a overloaded treatment plant supervisors, who are the sanitation district's directors, the results of a study by John N. O'Leary acknowledging receipt of a copy of that report, saying it would be passed on to members of his board.

The report of Tuesday a week ago was made by Vincenz to Supervisors to show the good faith required by the regional water pollution control board so it would not send its cease and desist order to the district attorney's office for enforcement.

The order requires the sanitation district to observe the requirements as to the purity of the effluent being discharged from its treatment plant. The board increased its requirements on Dec. 8, making the standard of purity greater than that for drinking water. The board, under its state powers, can ask in court that the district be stopped from making any more connections to its system until it is able to meet the purity standards.

O'Leary said Tuesday that no action will be asked of the district attorney's office until sometime next week. His board gave him the authority to decide if the sanitation district is evidencing any intention of meeting the board's requirements.

SAD CHRISTMAS
It was a sad Christmas for the Ernest Williams family of Jamul. Christmas Eve Mr. and Mrs. Williams had visited a number of friends and received numerous Christmas gifts, which they had left in the back of their car while they paid a last visit to Mr. and Mrs. Hank Moxey at 2628 Highland in Spring Valley. When Williams arrived home he discovered the Christmas gifts had been stolen from in back of his car. His friend Hank Moxey was alerted who immediately searched the neighborhood and recovered some costume jewelry from the vicinity of the school in the neighborhood. Also found the wrapping paper from one of the gifts with Williams name on it, at the corner of Barcelona and Campo rd. The gifts included several sport shirts, a grey knit sweater, shoes, pajamas, socks and kitchen utensils. The evidence was found by Deputies Robert V. Ring and Donald C. Fox. Value was about \$40.

A request was also made by the new line for a permit to issue and sell shares of stock. The proposed route will begin at Main and Magnolia streets in El Cajon, run north of Magnolia to Fletcher Parkway, west to Lake Murray Blvd., south on El Paso street to Jackson dr. to La Mesa Blvd., east on La Mesa Blvd. to Palm ave., then south on Palm ave. to Broadway in the eastern part of Lemon Grove, then south on Broadway to Sweetwater rd., through Spring Valley Estates, through Bonita, Sunnyside, Chula Vista, and to San Ysidro.

Dog Vaccination Urged in County

Dog owners throughout San Diego County were reminded by the San Diego Department of Public Health that all dogs in this county are required by law to be vaccinated against rabies.

Dr. J. B. Askew, director of public health, said the rabies vaccine used by all veterinarians in the county is effective for two years. He advised dog owners who had their pets vaccinated some time ago to check their records to be sure the vaccinations have not expired.

Dogs whose vaccinations expire this year should be taken to a private veterinarian for re-vaccination at once, he said.

The State Department of Public Health declared San Diego County a rabies area on April 11, 1960 following laboratory confirmation of rabies in a coyote shot near Jacumba. A second case of animal rabies in an Eden Gardens dog was confirmed by laboratory tests on April 18.

1,800 New Ones So Far

452 New Readers Boost Total to Near 8,800 Mark

As the campaign for new subscribers nears its closing days, a total of more than 1,800 families have joined the already existing 7,000 subscribers to bring the readership of this newspaper to a very high and important plateau. The current report shows 452 new names.

A newspaper is potent in the community it serves in ratio to the paid readers it has. A newspaper has also to serve the persons using its advertising columns. For these reasons this newspaper has gone to extraordinary expense and effort to gain these new subscribers.

In addition to the cost of obtaining new subscribers, a contribution is being made to the fire chief association in the community in which the resident lives. The contribution is being made in the subscriber's name as he pays his subscription bill. The two communities affected are Lemon Grove and Spring Valley. The funds will be turned over to the associations sometime after the campaign is completed and the payments will be based on the number of those who pay their bill.

The DIMMER VIEW

by MAX GOODWIN

Miss Miriam Ottenberg, an investigative reporter for the Washington (D.C.) Star, a Pulitzer Prize winner, had an occasion to speak to an audience at the University of Oklahoma recently.

"Indignation," Miss Ottenberg told them, "is a must for any top-notch investigative reporter."

With righteous indignation there must be a complete absence of worship of constituted authority," says she.

We agree with Miss Ottenberg, a splendid reporter, but advise her that the description fits most of today's taxpayers.

Those who like to take stock of themselves at the year's beginning could do well to use the Rotary's Ten Marks of a Good Citizen as a guide.

Each member of the Rotary organization is given a hang-up card with the ten marks listed thereon. The card intrigues us because the objectives are down-to-earth — well within the grasp of all of us. We recommend it heartily for those who seek perhaps a little less than perfection, but want to be what the material indicates as the end result... just a good citizen.

The Ten Marks are:

1. He is well-informed on local and world affairs.
2. He is courteous, unselfish, friendly—gets along well with others—is a good neighbor.
3. He is sincere, dependable, and takes an active part in the church or religious community of his choice.
4. He appreciates what others have done for him and accepts responsibility for the future betterment of his community.
5. He is fair and just in his relations with others.
6. He obeys the laws of his community and nation.
7. He votes regularly and intelligently at election time.
8. He is interested in the freedom and welfare of all of the world's peoples and does his part to secure them.
9. He is productive—renders a worthwhile service to his fellow man.
10. He sets a good example to the youth of his community.

It would appear, according to leaders of the medical and osteopathic professions, that the two groups are on the road to unification.

Considering all factors involved, we believe this is a step in the right direction toward better patient care of all Californians.

In our state, the 2,500 osteopathic physicians and surgeons—the greater percentage of them practicing in Southern California—are granted licenses giving them equal rights with our 17,500 medical doctors.

Though the two groups have separate licensing boards, the individuals must pass identical examinations before being allowed to practice.

Once licensed, however, the medical doctors and the osteopathic doctors have gone their separate ways—much to the confusion of the general public, their patients.

This situation is particularly noticeable in the field of postgraduate work, the continuing education so necessary if our healers are to keep abreast of the fast moving pace of science in developing new health cures.

Should the proposed unification materialize, members of both groups will have an equal opportunity to further their scientific knowledge of how best to care for us when we are ill.

We can't think of a better reason to hope for the success of the proposal.

Bus Hearing Set For Economy Line

The California Public Utilities Commission has set a public hearing for Tuesday, Jan. 10 at 10 a.m. in the matter of the application of the San Diego Economy Line, Inc.

The Economy Line is seeking authority to reroute its San Diego business district terminal loop, correct errors of route description in several areas, and add alternate routes to eliminate traffic hazards, and increase operating convenience.

The meeting will be held in the auditorium, Chamber of Commerce building, 435 West Broadway, San Diego, with Examiner Kent C. Rogers, presiding.

Allen first applied to the public utilities commission for permission to run the bus line in June.

TWO INJURED IN GARAGE FIRE, GAS FUMES BLAMED

Destruction of a garage and its contents and smoke-damage to the house, and injuries to the owner and an assistant fire chief who was fighting the fire—this was the aftermath of a blaze at the home of S. A. Miller, 2660 Main st., Lemon Grove on Christmas day.

Assistant Fire Chief Fred Dixon, who was in charge, is in traction at Grossmont hospital with back injuries suffered in the fire, according to Captain Mark Foote of the Lemon Grove fire department. Dixon is under observation.

The fire was apparently caused, according to Captain Foote, by fumes from a new Christmas lawnmower which reached a nearby gas water heater. An explosion engulfed the garage in flames.

Miller who received burns on the back of both of his hands was filling the lawnmower with gasoline about noon Sunday. His burns were not serious, firemen reported.

Fire destroyed the garage and its contents which included the mower, fishing and camping gear, gardening equipment and some tools. It burned across the patio, through the north wall of the dwelling and into the kitchen, causing extensive smoke damage throughout the house, said Foote.

Firemen estimated the damage at \$1,800 for the garage, and \$400 for its contents.

1961 Health Permit Application Renewal Forms Being Mailed

The San Diego Department of Public Health is currently mailing renewal application forms for 1961 health permits to all health regulated businesses on record to Lemon Grove, other unincorporated areas of the county, along with the City of San Diego. Permits for 1960 expire this month.

After Jan. 31, 1961, a penalty fee must be paid as well as the regular fee for a health permit. Dr. J. B. Askew, director of public health, said the penalty fee is \$1 for the first month and 10 per cent of the health permit fee for each succeeding month that the application is delinquent. The total penalty fee, however, cannot exceed 60 per cent of the health permit fee.

Health permits are required by local ordinances for a wide variety of businesses dealing in food and drink; renting rooms or apartments in the unincorporated areas of the county; or performing professional services, such as beauty shops, barber shops, massage parlors and tattoo parlors.

Dr. Askew said yesterday that approximately 9,000 health permits were issued by the Department of Public Health during 1960.

Boundary Change May Halt Bonita Incorporation Move

SAN DIEGO (CNS)—A cloud was cast on the legality of plans for the incorporation of the proposed city of Bonita at Tuesday's session of the County Board of Supervisors.

MISCELLANY

Robert Harold Stuard, 3665 South Granada, Spring Valley, reported to the Sheriff's office that his home was entered December 23, and took 3 rifles, a movie camera, 2 Kodaks, a lite meter, 2 rolls of color film, a dozen flash bulbs, a diamond dinner ring, 2 rhinestone necklaces, 1 rhinestone bracelet, 2 watches, a folding hunting knife, \$210 in bills, 5 silver dollars, and some small change. The house was entered by jimmying the latch on the side kitchen door. The house was not ransacked, but the jewelry box had been bumped on the bed. The hunting knife had been extracted from the bottom bureau drawer where it was under a pile of clothing, but the clothing had not been disturbed. A suspect was named.

Bert McLees Jr., assistant county counsel, told Supervisors that the boundaries now proposed for the city do not coincide with those submitted to the county clerk when the notice of intention to circulate petitions for incorporation was filed.

McLees said the law does not specify that the boundaries have to coincide, but that the law does say that the clerk shall determine that the boundaries are correct. He declared that the question of whether this means the two must be the same may have to be settled in court.

The difference in boundaries, inquiry developed, resulted from the desire of proponents of the incorporation to cooperate with the county. Four hundred acres were lopped off the first proposed city area at the request of the road department, so there would be no interference with the Beltline Free

way. Proponents dropped from incorporation plans all the land north of the freeway route, as federal funds for the road will not be available to land inside an incorporated area. The new boundaries were approved on Dec. 20 by the County Boundary Commission, but not until Tuesday's Supervisor's session was it brought out that this may kill the incorporation proposal.

"Then said David to the Philistine, Thou comest to me with a sword, and with a spear, and with a shield; but I come to thee in the name of the Lord of hosts, the God of the armies of Israel, whom thou hast defied. And all this assembly shall know that the Lord saveth not with sword and spear: for the battle is the Lord's, and he will give you into our hands."

The Mail Box

Dear Editor:

My name is M/Sgt. Robert Lankford, US Army, stationed in Bamberg, Germany and I am writing to you because of a very unusual happening.

I received 19 letters from children of the sixth grade of San Miguel school in Lemon Grove. I have received all kinds of presents at Xmas time but never one like this. It was the best one I have ever received and I don't think I shall ever receive another as nice.

I live in San Francisco and have a child of my own, 20 months old. Being away from home at Xmas time can be very lonely, and I was really lonely, but when I received the letters from all the children, it brought cheer and happiness to me.

They all wished me cheer and happiness and wanted to know what kind of Christmas the German children have here. Well, this is my first Xmas in Germany and I don't know much about it but I'm making a point of finding out for the 19 children that wrote me. . . and I'm going to write each of them a letter.

I would appreciate it very much if you will print this in your paper. It might cheer

someone else up by letting others know what sweet children they have in San Miguel school.

Thank you,
M/Sgt Robert Lankford

Dear Editor:

Please see if you can help me.

My husband is totally disabled with emphysema and heart trouble. He is confined to a wheelchair and bed. The wheel chair was donated by the Rotary club of Lemon Grove.

I need a car, any car that is clean and in good running condition. I need this car for taking my husband to the doctor, for shopping, and for so many other uses; also to preserve his life a little longer.

A year ago a very fine gentleman, Mr. Jim Spears, offered to help me, but when he mentioned your paper I panicked; why, I don't know, but all I want is to help my husband so very badly. You can verify my statement as to the condition of my husband and myself from the County Hospital and also his doctor, Dr. Dupo-
